Subadar-Major, however, managed to catch hold of the thief's right hand, and, at the same time, pushed him towards the compound wall. A struggle ensued and the Subadar-Major succeeded in disarming the thief and securing him. It was also found that the temple servant, who had obstructed the thief while the latter attempted to escape had also received an injury on his right hand.

This timely arrest of the thief resulted in the detection of five temple burglaries committed in 1936, three in 1937 and three in 1938, all of which had occurred within the limits of the Malappuram and Manjeri Police stations.

The Subadar Major, though himself unarmed, and in the dark, had the coolness and courage to tackle an armed thief at the risk of his own life and though injured while doing so, succeeded in arresting him.

N.B.—This award is made for gallantry under regulation (a) (i) of the regulations governing the grant of the Indian Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

J. G. LATHWAITE,
Private Secretary to His Excellency the Viceroy.

MADRAS COMMERCE REPORT FOR THE MONTH OF APRIL 1939

Commodity markets continued to be under the influence of the tense international situation during April, but nevertheless the general trend was upward, prices of several commodities showing a distinctly better tendency. The continued uncertainty of the international outlook, however, is not a favourable background for a major recovery movement, whilst the degree of resistance which commodities will be able to offer to political influences must depend largely upon the trend of American business as to which optimism is tempered by the fact that indices of industrial production in the United States of America are now showing a downward trend as a result of buyers of merchandise in that country postponing or holding down their commitments to extremely small quantities. On the whole prospects continue to favour narrow and indecisive movements in prices in the near future and it seems unlikely that prices will decline to any extent in view of the sound statistical position of any commodities. The speeding up of rearmament and the building up of defence stocks must involve an additional demand for a number of commodities, whilst with inflation in the air, the long-term outlook for commodities should be reasonably assured. It may not in fact be very long before commodities in general awaken from their long price hibernation despite the lack of speculative activity.

World cotton markets were unsettled during April and as a result of the poor offtake of yarn, prices of Tinnevellies and Karungunni declined. Supplies of American cotton will in all probability become freer later in the year, though it is as part of the administration policy to subject the price structure outside the United States to serious pressure. The demand for mill yarn was poor and prices were unsatisfactory. During the latter part of April, there was a distinct improvement in the tone of the cloth market, but activity was chiefly centred on the English piecegoods section as a result of the new trade agreement. Prices of Bimli jute strengthened. There was a good demand throughout April for tanned hides and prices after remaining steady advanced towards the end of the month. Prices of tanned goat and tanned sheep skins were steady. Oil-seeds markets showed a better tendency and prices of groundnut improved a little. Prices of paddy and rice were steady and demand was normal. The Calicut coir yarn market was fairly steady in the case of most varieties, but the Cochin market continued lifeless owing to poor European demand. Fair Indian demand kept the pepper market almost steady though it eased off slightly towards the end of the month. Owing to heavy stocks and less Indian demand the Calicut ginger market declined and closed weak. The copra and coconut oil market improved a little as a result of steady demand. Madras prices of Indian sugar strengthened. The reduction in the protective duty having practically no effect on prices for Indian sugar owing to low stocks in the hands of Indian sugar mills. The imported sugar market was also active and closed firm with an upward tendency. The demand for locally manufactured acids and chemicals during April was fair. The tone at the tea sales in Mysore Land continued to be satisfactory. The statistical

position of rubber continued to improve, but with trade demand small and speculative activity lacking, the commodity price remained at over 2d per pound.

Groundnut

The groundnut market remained steady through out the month and prices improved. The average wholesale prices of standard varieties at the main producing centres were as follows:—

Per candy of 531 lb

31st March 1939—Rs. 20 to Rs. 21-0-0.
28th April 1939—Rs. 21 to Rs. 22-14-0.

Paddy and Rice

The demand for paddy and rice was normal during the month and prices were steady. The average wholesale prices of standard varieties at the main producing centres were as follows:—

Indian paddy per bag of 176 lb.

31st March 1939—Rs. 4 to Rs. 4-8-0.
28th April 1939—Rs. 4-2-0 to Rs. 4-0-0.

Indian rice per bag of 176 lb.

31st March 1939—Rs. 6 to 6-12-0.
28th April 1939—Rs. 6-4-0 to Rs. 7.

Rangoon rice—raw, broken A-1 per bag of 220 lb.

31st March 1939—Rs. 7-10-0, Madras.
30th April 1939—Rs. 7-12-0, Madras.

Calcutta rice (Nagora) hulled per bag of 164 lb.

31st March 1939—Rs. 7-10-0, Madras.
30th April 1939—Rs. 7-10-0, Madras.

Coconut Products.

The market for Quilandy and Beypore coir yarns weakened, but as a result of fair Indian and European demand towards the end of the month, the market improved and closed steady. The market for Calicut fine unsoaked yarns firmed up owing to fair European demand. Moderate European demand kept the market for Kollai unsoaked yarn steady throughout the month, while lack of European demand resulted in an easier market in the case of Perpetgoddy yarn. The Cochin coir yarn market remained lifeless owing to poor European demand. The demand for copra and coconut oil was steady and prices showed an improvement.

Cotton.

Tinnevellies.—Arrivals during the month of April were of normal quantity. The demand was almost entirely confined to the South Indian mills, Bombay, and Calcutta mills evincing no interest, whilst as regards export no business was transacted apart from a few sales to Shanghai and Japan. Early in April, good average quality Tinnevellies realised about Rs. 180 per 784 lb unpressed and Karunganni about Rs. 15 more. Prices had been forced up to this level by Coimbatore and Tiruppur merchants who had entered the Tinnevelly markets with a view to disposing of their cotton to the Coimbatore and other mills. Owing to the dullness of the yarn market, however, the Coimbatore mills soon withdrew and prices consequently began to sag until they fell to about Rs. 158 for Tinnevellies and Rs. 175 for Karunganni at the end of April.

Cambodia.—The situation underwent little alteration during April. Prices depended entirely on South Indian mills and remained fairly steady throughout the month around Rs. 230 for good average quality.

Sugar.

The reduction in the protective duty had practically no affect on prices of Indian sugar in the Madras market owing to low stocks in the hands of Indian sugar mills. Consequent on the very high replacement cost of North Indian sugars, conditions in Madras and other ports in the Madras Province are now governed by prices of Java and other imported sugars and there is little parity between Cawnpore and local prices. The Madras price of North Indian sugar was Rs. 32-12-0 per bag of two cwts. in April as compared with Rs. 30-2-0 to Rs. 30-6-0 in March. The local imported sugar market was slightly dull at the commencement of the month owing to poor demand, though the future tendency was good. Prices declined slightly, but conditions gradually improved, dealers showing buying interest owing to world prices hardening. Prices gradually increased in sympathy with higher Java quotations for forward and ready delivery, and between the 15th and 28th of April, prices increased by about Rs 2-12-0 to Rs. 2-14-0 per bag of two cwts. As regards upcountry markets, from the easier conditions which prevailed during the first half of the month markets rallied and prices rose considerably in sympathy with firmer Java quotations. Demand was good and as stocks were limited and direct shipments cannot be effected to West Coast markets, except Cochin, during the monsoon, dealers began to quote higher prices and limited sales to small quantities. Other upcountry markets were firm and prices increased considerably.

Tanned Hides and Skins.

Tanned hides.—There was a good demand throughout April and prices for the greater part of the month remained steady. Towards the end of the month, however, a strong enquiry developed and prices advanced by ½d per lb. It is understood that the improvement was largely due to Government requirements for army boots. Quotations on the 30th April were as follows:—

Prime 5½ lb. 16½ d., Prime 8½ lb. 13½ d., Cocee 7½ lb. 14 d.

Tanned goat and sheep skins.—The demand was not very good although prices in Madras were maintained. Certain orders for heavy weights in lower grades came through fairly regularly, but owing to suppliers being oversold they were not taken. Stocks in the market were restricted though shipments of tanned goats for the month were higher than the previous month. Had shippers quoted for one month instead of the usual two months shipment possibly more business might have been put through as there was evidence of demand although the uncertain political conditions did not warrant any heavy forward buying. Light weight goats were sent on consignment to London and semi spot lots were cleared up. The demand from the United Kingdom manufacturers seems to be met by goods which are in the hands of London factors and skins which have been sent on consignment by Madras suppliers, apart from the usual regular lines which always find a market even when business is at its worst.

Shipments during April were as follows:—

2. The wood has been classified according to the classes noted above. Intending tenderers are advised to inspect in advance the lots put up for sale, but they must accept the classification made in the depot as final

3 Tenders should be superscribed "Tender for Sandalwood" and sent by insured post to the Conservator of Forests, Salem Circle, Salem (Madras Presidency) so as to reach him on or before 11 a.m. on Saturday the 15th July 1939 on which date tenders will be opened.

4. Each tender should be accompanied by an earnest money deposit of Rs. 1,000 in the form of a bank draft on the Imperial Bank of India, Salem, in favour of the Conservator of Forests, Salem, from any branch of the Imperial Bank of India. Currency notes should not be enclosed. A receipted Madras Government treasury challan for the amount will also be accepted. This amount will be retained as security for the due fulfilment of the conditions 7 and 8 infra

5. Each tender must specify the rate at so much per ton of 2,240 lb. for each lot of sandalwood desired both in figures and in words and also by specifying the depots wherein they are stocked. No tender for part of a lot will be accepted.

6. Earnest money deposits of unsuccessful tenderers will be returned immediately after the tenders are disposed of, and that of successful tenderers will be adjusted against the first instalment of the purchase money.

7. Each tenderer if his tendered rate for any particular lot is accepted by the Conservator of Forests, Salem Circle, Salem, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this money into any of the Government treasuries in the revenue district of North Arcot or the Imperial Bank of India at Vellore or Madras or the Reserve Bank of India, Madras, for the wood of Tirupattur depot and into any of the Government treasuries in the revenue district of Coimbatore or the Imperial Bank of India at Coimbatore or Madras or the Reserve Bank of India, Madras, for the wood of Satyamangalam depot within seven days from the date of receipt of the memorandum and another 25 per cent before 15th August 1939 and the balance 50 per cent less the earnest money deposit referred to in paragraph 4 above, being paid on or before the 15th September 1939 or against delivery, whichever is earlier. Should any successful tenderer fail to make the necessary remittance by the due dates, the money already remitted will lapse to Government and the District Forest Officer, Vellore, Vellore West Division, Tirupattur, North Arcot district, for the wood of Tirupattur depot and the District Forest Officer, Coimbatore North, Coimbatore, for the wood of Satyamangalam depot, will be at liberty to resell the wood in question at the risk of the successful tenderer who shall be liable for any loss but shall not participate in any profit which may arise by the resale.

8. After 50 per cent of the entire sale value has been paid to the credit of the Forest department, delivery of sandalwood shall be made to the successful tenderer, provided that until full payment has been made, a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved but paid for.

The delivery will be by full lots at a time and no lot will be delivered by portions.

9 On the successful tenderer's presenting challans as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 8 supra. If, however, proof is produced that the entire sale value has been paid, the whole sandalwood purchased will be weighed and handed over. The successful tenderer must take delivery of and remove the whole of the wood sold to him on or before the 16th October 1939.

Should any excess over the quantity paid for be found in the quantity purchased when weighing at the time of delivery, the excess will be paid for by the successful tenderer at the rate at which it was originally purchased, before effecting removal. If any one successful tenderer has purchased more than one lot or class and if there is any excess in one lot or class

and defect in the other, when weighing at the time of delivery on a particular day, the value of the defect noticed, calculated at the rate at which the main lot or class was sold will be adjusted towards the value of excess quantity noticed in the other lot or class as the case may be and the balance, if any, still due from the successful tenderer will be collected before permitting him to remove the quantity delivered during the day. If, however, the net quantity delivered results in a defect on account of drawal over the reserved quantity at the time of tender, the value of the defect quantity at the tendered rate will be returned in due course.

10. The successful tenderers when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer, Vellore West Division, Tirupattur, North Arcot, for the wood of Tirupattur depot and the District Forest Officer, Coimbatore North, Coimbatore, for the wood of Satyamangalam depot by post with four specimen signatures of the agent. Failing these delivery may be refused pending verification, in which case the delay will count against the successful tenderer.

11. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will tenderers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department must be accepted.

12. After the wood has once been weighed and handed over if the successful tenderer fails to remove all the wood within the wadah allowed in clause 9, demurrage will be charged at the rate of Rs. 2 per ton per diem from the last date fixed for the delivery until the wood is finally removed.

13. No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest department who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped has been stamped with the district "Sale Hammer".

14. The successful tenderer shall bear the cost of taking delivery of the sandalwood. The depot contractor will supply the required labour for taking delivery of the wood.

15.
